

Centre Punches Heavy Duty

CP-HD

Single piece carbon steel construction with hexagonal shank

Accurately hardened & tempered so that the pin will withstand continuous use and the striking end will not splinter

Working tip centred and ground to the correct angle (90° included angle) for increased efficiency in marking

Working end accurately ground with the punch body in premium powder coated finish

Striking end is chamfered to prevent breakage

Ideal for clearly marking metal in work layout & making indentations in a work piece before drilling to ensure correct location of drill points

52-58 HRC
